90 Prospect Street
90 Prospect Street

The application of signage approval for Splatters Studio LTD, 93 Union Street, Spencerport, NY for a Certificate of Appropriateness is in front of the board this evening.

Chairman Garlick stated that the applicant is looking for approval to install a wood carved sign 3' x 4' attached to building located at 93 Union Street. Such sign to hang from mast over the side walk.

Carol Nellis Ewell: The sign has the phone number shown; the new sign code prohibits putting phone number on signage.

Ms. McEntee: I will remove the phone number off the sign and replace it with Spencerport NY.

Mrs. McEntee: The sign will be seen from both sides. I will also have a neon open side inside. The background color will be a butter cream yellow.

Chairman Garlick: Will you be using the existing wrought iron brackets?

Mrs. McEntee: Yes.

Chairman Garlick: I will ask that the building inspector inspect the brackets.

After further board discussion a motion was made by Chairman Garlick seconded by Carol Nellis Ewell and carried unanimously to grant the following Certificate of Appropriateness.
