Steve Soja stated that we were in front of you a couple of months ago at least the manager was. I am the commercial real estate broker for the property. So I work for the landlord Sergey Rozum Company, LLC. We are here again because the University has put together a lease with us and the term is for ten years. The beginning of the lease will be when we get the certificate of occupancy so we are requesting a minimum of 11 years for the Special Permit. It will be used as a health care facility. The university will be putting a significant amount of money into the build out of the property and they just want to make sure they are good to go for the full term of the lease.

At this time Chairman Dole closed the Public Hearing.

Chairman Dole then asked Attorney Stowe and the board if they have any comments.

Dale Kellerson: It is just changing the number of years, correct.

Steve Soja: Yes.

Chairman Dole stated that we will have two resolutions for each application one for the Office area and one for the urgent care.

Steve Soja: Yes, they will be two separate spaces within the plaza. The internal medicine area will be 7500 square feet and will be located at Suite 10. The urgent care is planning to redo their space and expand into where the internal medicine area is currently and will be in Suites 1 & 2. So what was once internal medicine and urgent care will become just urgent care.
