Public Hearing

The application Will Barker, Strength Trained, LLC, 11 Cannon Hill Road, Rochester, New York 14624, for a Special Permit to open a gym/fitness center at property located at 33 Slayton Avenue, Spencerport, New York 14559, whereas such use shall be permitted in this district subject to the granting of a special permit by the Zoning Board of Appeals after a public hearing. Pursuant to Chapter 340-24.S and 340-19 B (7), this is an Industrial District.

Will Barker: Introduced his partner Chris. We want to open a small gym here in Tops Plaza. We enclosed a letter about our business with our application. We are here because we want to help bring more fitness and we do strength and movement coaching. I know you have Atlas and Physical Therapy up the road. Neither of those really do what we do. We see a lot of potential in Spencerport to help everyone move better and prevent some movement related diseases. Chris knows more about that than I do.

Chris Colegrove: So Will is a graduate from Brockport with a Kinesiology Degree. I am finishing my last semester at Brockport in Exercise Science Degree. I already have a degree in Kinesiology. I have always loved working out and training. I have always been a trainer. But as I got into the education academic end really understanding the body I learned that there are a lot of diseases that can be prevented through movement. We know that a lot of cardio vascular diseases. But for me it is about the posture and the joints and joint health. Your joints are supposed to last a 100 years, but they don't we have back

issues, knee issues and others. That is where our specialty comes in. We wait improve people's quality of life through strength training and what we call pre-hab. So instead of waiting for someone to get injured and go to rehab why not do the necessary things prior to avoid the injuries. I am supper excited and passionate about it. I have been studying it outside of school plus my personal experience of 20 plus years in the gym. I think Spencerport will really benefit from this. We are bringing an idea to the east coast something that is really a west coast idea.

At this time Chairman Dole closed the Public Hearing.

Chairman Dole then asked Attorney Stowe and the board if they have any comments.

Dale Kellerson: It looks like request that you put in here answers a lot of the questions we would have like hours of operation, redecorating, how many people.

Chairman Dole: You don't plan on having several people at one time? What are your expectations?

Chris Colegrove: Small group training, maximum 10 people. It is not large groups. We typically look for smaller groups like 3 to 5 people for personal training.

Michael Flavin: So you are aware of Atlas and there is Bert's Box in Brockport. Is it somewhere in that area?

Chris Colegrove: Somewhere in between.

Michael Flavin: When I go by there I don't see a lot of stuff but maybe mats.

Chris Colegrove: Yes we won't have items like your bench presses. More like the kettle bells, medicine balls and stuff like that.
