Public Hearing

The application of Terri Montinarelli, 96 Nichols Street, Spencerport, New York 14559, for a home occupation permit to operate a dog grooming salon in a R-1 Residential District, at property located at same, whereas, this use may be permitted after a public hearing as provided in Article VII, Chapter 340-46 B.

Terri Montinarelli: I have been grooming for almost 30 years and the last 18 years I have had a mobile pet grooming business. But I have gotten to a point where I want to slow down a little bit and stay in one spot so that is why I want to try and open up a salon and my home. I only want to do about 4 to 5 dogs a day. I would book one every 2 hours because it takes about an hour to groom a dog and it gives an hour for people to come get their dog and the other to drop off their dog and won't run into each other in the driveway. In speaking of my driveway it is big enough for cars to turn around so that they can pull out onto the road. The only major thing that we have to do to the house is to put in a tub.

Jim Montinarelli: The part of the house that we are going to use as we have a split level is the lower level off the garage. So there are no steps for the customers to go up. The only renovation is really easy is putting in a tub which I will be installing. I am a plumber pipe fitter for the last 20 years. So it is a mild renovation.

At this time Diana Powell Kerry asked Attorney Stowe, Building Inspector Smith if they have any comments.

Building Inspector Smith: I have no issues except they would need to get a building permit for the renovation.

Attorney Stowe: The only one I had and I put it in the resolution for a major home occupation there are some different deadlines to be aware of so I did put those in as conditions on the Resolution 351. It is more for the applicant to be aware of that it terminates after two years unless extended and then there is other terms and provisions in the code. That is the only thing I bring to the boards attention.

Discussion ensued regarding the termination in the code.

Diana Powell Kerry: So that means in 2 years you would need to come back we review it and we extended it.

Attorney Stowe: Then the other is provision two it terminates on the sale or transfer of property. Someone other than you running the business, failure to comply or the ZBA gives you notice that they want to terminate it. So we put in those two because it is a little different because it is a permit not a variance.

At this time Diana Powell Keery read a letter from Janet Wurl dated October 17, 2017 who lives next door at 102 Nichols Street who is in favor of this business. Letter has been filed in applicant's folder.

At this time Diana Powell Keery closed the Public Hearing.

At this time Diana Powell Keery asked the board if they have any comments.

Mark Unvericht: No everything was answered.

Dale Kellerson: No I don't have any concerns and it was good to have a letter of support from a neighbor. It is always helpful to have.

Michael Flavin: What would be your hours? During the day?

Terri Montinarelli: Mostly during the day between 8:30 a.m. and maybe 3 p.m. There might be one at 4:30-5 o'clock. It wouldn't be late.

Joan Quigley: Are you going to put a sign out?

Terri Montinarelli: Is one allowed?

Building Inspector Smith stated that yes I believe you can have one not exceeding one square foot.

Discussion ensued regarding placement of sign.

Jim Montinarelli: Is plumbing covered under the permit or do I need a separate one?

Building Inspector Smith: One permit, you just need to bring me in the plans and show me what you are going to do.

Diana Powell Keery: I am the neighbor on the other side and I totally support it. I couldn't ask for better neighbors.
